

RAJ KUMAR M

Holder of Second Class Mine Manager Certificate (Restricted)

Hyderabad, Telangana

Email id: rajkumarmarichamy99@gmail.com

Phone No. +91 9047724886

CAREER OBJECTIVE:

Motivated and detail-oriented mining engineer with a strong academic background hands-on experience in mining operations, drilling, blasting, and explosive handling, explosive applications and blasting design. Seeking to leverage my technical knowledge, research skills, a passion from innovation in challenging role at a leading mining explosive manufacturing company.

WORK EXPERIENCE:

- **Graduate Engineering Trainee**, Vishwas Construction Industry Pvt Ltd, Bangalore.
(December 2020 to April 2022) – **1 year and 5 months**.

Responsibilities: 1. Managed explosive indent giving, ensuring timely and accurate requisitions for blasting operations.
2. Supervised blasting activities, overseeing safety protocols and efficient execution of blasts.
3. Handled explosive materials, specifically RE 5 and RE 13, ensuring proper storage, handling, and regulatory compliance.
4. Prepared detailed reports on explosive usage, blast performance, and safety inspections for record-keeping and management review.

Skills acquired: *Drilling & Blasting; Explosive application; Fragmentation analysis; Mine Planning; Operations; DGMS, DMG permit, permissions & Regulations; Documentation; MS Office, etc.,*

PROJECT WORKS:

These projects provided me with hands-on experience in applying theoretical knowledge to real-world challenges, enhancing my problem-solving abilities and technical expertise.

- **M.E Project (Major) - Development of user-friendly web application for optimization of shovel & dumper combination in opencast mines**” aims to develop a web application to optimize shovel and dumper combination. (yet to be completed)

Skills acquired: *Web development; HTML; CSS; JS; GIT; Python Django, etc.*

- **M.E Project (Minor)** – “**Development of Design Guidelines software for Dump slopes based on a parametric study using Oasys Gofer Web Application**”, aims to develop a software program to evaluate the stability of dump slopes for different configurations. (Completed)

Skills acquired: Python programming language; Software development skills; etc.

- **B.E Project** - “**Evaluating the Stability of Underground Coal Mine Pillars Using Numerical Modelling**”, aims to check the stability of rib pillars of underground coal mining

Skills acquired: Numerical modelling, Thesis writing; Research; etc.

INTERNSHIPS:

In the years 2018 and 2019, I performed two internships with a period of 15 days each in two different mines, one with open-cast mining and one with underground mining.

- “**Neyveli Lignite Corporation India Limited**” (NLC) is a lignite mining company adopting the open cast mining method, in Cuddalore district, Tamil Nadu.
- “**Uranium Corporation of India Ltd**” (UCIL) is an underground uranium mine in Kadapa district, Andhra Pradesh.

ACADEMIC PROFILE:

Course	Name of School / College	Board / University	Percentage / CGPA	Year of Passing
M.E (MINING) Part-time (5th Sem)	University College of Engineering, Hyderabad	Osmania University, Hyderabad	8.6 (III rd Sem)	March 2025
B.E.(MINING)	Acharya Institute of Technology, Bangalore.	(Affiliated to Visvesvaraya Technological University)	7.36	2020
HSC	Bharathidasan matriculation higher secondary school. Kanchipuram, Tamilnadu	State Board	80.41%	2016
SSLC	Bharathidasan matriculation higher secondary school. Kanchipuram, Tamilnadu	State Board	88%	2014

AREAS OF INTEREST:

- Computer Applications in Mining
- Slope Stability
- Explosive Safety and Compliance.
- Blasting Design and Optimization
- Research and Development in Explosive Formulation.
- Automation and Digitization in Explosive Operations.

CO-CURRICULAR ACTIVITIES:

- Presented a paper in the 1st International symposium “Recent Trends in Mineral Industry,” UCE, OU, 2022.
- Presented a paper at the 2nd International Conference in Emerging Trends in Engineering,” UCE, OU, 2023.
- Active participant in IGNITE 2023 & 2024, student technical symposium.
- Presented a working Bucket Wheel Excavator model in IGNITE 2024.

CERTIFICATION:

- Second Class Mine Manager Certificate (Restricted)
- Gas Testing

ACHIEVEMENTS AND QUALIFICATIONS:

- Qualified GATE (2024) – Mining Engineering – AIR 753

OTHER SKILLS:

- Arduino IDE
- WSN | IoT
- Zigbee | XCTU
- LORA | Ebyte
- ThingSpeak
- PythonAnywere

MEMBERSHIP

- Student Member, Mining Engineer’s Association of India, Hyderabad Chapter.

RESEARCH PAPERS:

My academic journey’s commitment to research is reflected in my publications in international journals and presentations at conferences.

- **“Evaluation of dump slope stability using Slide, Geoslope and Phase2 Software”**, Journal of Machines and Computing, Anapub Publication, Jan 2022.
- **“Factors affecting slope stability: A brief review”**, International journal of innovative science and research technology, May 2022.
- **“Wireless Sensor Networks and Real-Time Slope Monitoring: A Brief Review”**, 2nd Int. Conf. Emerging Trends Eng., Atlantis Press, Oct 2023.

PERSONAL PROFILE:

Father's Name: K Marichamy
Mother's Name: S Vijayalakshmi
Languages Known: Tamil, English (to Read, Write and Speak)
Telugu, Kannada, Hindi (to Speak)
Native: Kanchipuram, Tamil Nadu
LinkedIn profile: www.linkedin.com/in/rajkumarm1999
